VOL. LVI: NO 44. REDWOOD CITY., CAL., SATURDAY, FEBRUARY 26, 1916. ESTABLISHED, 1859

Puff your way into the joys of Prince Albert!

Go ahead, quick as you lay in a stock of the national joy smoke! Fire up a pipe or a makin's cigarette as though you never did know what tobacco bite and parch meant!

For Prince Albert is freed from bite and parch by a patented process controlled exclusively by us. You can smoke it *without* a comeback of any kind because P. A. is *real tobacco delight.*

PRINCE ALBERT

the national joy smoke

will do for you what it has done for thousands of men, not only in the States but all over the world! It will give you a correct idea of what a pipe smoke or a home-rolled cigarette should be.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made *three* men smoke pipes where *one* smoked before!

Get this Prince Albert pipe-peace and makin's-peace message, you men who have "retired" from pipe and cigarette-makin's pleasure; you men who have never known its solace! Because you have a lot of smoke pleasure due you quick as you pack-your-pipe or roll-a-cigarette with P. A. and make fire!

Buy Prince Albert everywhere tobacco is sold: in toppy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidors and in that clever pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such fine shape.

VIEWERS APPOINTED FOR NEW ROAD

The board of supervisors met in regular session Monday, February 21st, at 10 a. m., there being present Jos. M. Francis, presiding, Jas. T. Casey, Wm. H. Brown, John MacBain, and C. V. Thompson.

The minutes of the meetings of February 7th and 14th were read and approved.

The following resolution presented by District Attorney Swart, was read and adopted on motion of Brown, seconded by Casey.

"Whereas there is now pending in the Superior Court of the State of California, in and for the County of San Mateo, an action No. 5776, for the condemnation of right of way over the property of Asa E. Hull, said right of way being a portion of the right of way necessary for the State Highway between what is known as Beresford and Redwood City to San Mateo county; and

"Whereas the issues involved in said litigation have been settled and agreed upon by and between the California Highway Commission and said Asa E. Hull according to the conditions which are set forth in that certain letter of A. L. Loder, Division Engineer of the California Highway Commission, which said letter is addressed to Mr. Franklin Swart, District Attorney of San Mateo county, and is entitled "Re: County vs. Hull", and which letter is now in the files of said District Attorney's office;

Be it therefore ordered that this Board agree to and adopt said settlement and authorize and order the payment of said purchase price, as set forth in said letter, to the said Asa E. Hull and authorize and order the auditor and treasurer of said San Mateo county to audit and pay said amount to said Asa E. Hull upon the delivery to the said Franklin Swart of a proper deed of said right of way from said Asa E. Hull to said County of San Mateo, it being understood that said Franklin Swart will first have approved the title to said right of way and also will have approved said deed, and it being also expressly understood and agreed that said Asa E. Hull will first have waived all rights in any leasehold over that certain proposed right of way for said road purposes over what is known as the Jewell property, which right of way is now in litigation in said Superior Court.

"Regularly adopted and ordered this 21st day of February, 1916."

BIG BENEFIT BALL FOR CONVENTION FUND

Scarcely two months remain before the coming of the Grand Court of the Foresters of America to this city. The convention will open the first week in May. The great work ahead of the committee in charge of preparing for this big convention will be the raising of the necessary funds to provide entertainment for the delegates and their visiting friends during the convention week.

There will be six hundred delegates to attend the Grand Court meeting. Many of these will bring their wives. There will be thousands of visitors from different parts of the county, all over the State, drawn here on account of the convention and Floral festival which are to be held the same week.

The committee on entertainment has already planned to have something doing every minute of the time that the visitors are here. There won't be an idle moment the entire week.

To carry out the above plans money will be needed—considerable money. Several affairs have been already given to assist in raising the necessary funds and now it is planned to hold a big benefit ball. This ball will be under the auspices of the 1916 Convention and Floral Festival Committee and will eclipse anything of its kind ever before given in this city. It is to be held at the Foresters' hall on Saturday evening, March 4th, and is to be an all-night affair. Incidently it will be the last dance before the lenten season begins.

Practically the entire city is already at work to make this ball a tremendous success. The Chamber of Commerce at its meeting Tuesday night enthusiastically endorsed the proposition and assured the committee of the hearty co-operation of all the members. The Redwood City Fire Department and Court Madrone, No. 158, F. of A., have also endorsed the ball and the members of both organizations are already out working hard for its success.

The dance will be widely advertised all the way from San Francisco to San Jose.

Tickets are out and their sale will commence today. Everybody will be asked to purchase a ticket who can possibly spare a dollar, which is to be the price of admission, ladies, of course, to be admitted free.

Let everybody get in now and boost for the dance. Help to make it a great success. Show the committee that you are willing to get in and do your share toward raising the money for the big convention. So buy a ticket and come to the dance and tell your friends to come also. Remember the date, Saturday evening, March 4th.

Mrs. Ben Smith, who was taken ill several weeks ago while on a visit to her daughter, Mrs. Fred Nobs at Grass Valley, was able to return to her home in this city Saturday. Her condition is considerably improved.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

PUBLICITY FOR REDWOOD CITY

Through the medium of the Peninsula Industrial Commission of which E. T. McGettigan is general manager, Redwood City received its share of attention in the annual of the San Francisco Chronicle published January 12. An article by Mr. McGettigan reviews the growth of the peninsula district giving statements which cover every city from Colma to Menlo Park. Referring to Redwood City the article says:

"Sixty-four new homes was Redwood City's contribution to peninsula development. What was the vast estate of William J. Dingee, former cement king, is now the center of a development that promises to make this section of Redwood a typical city of California bungalows. Redwood also celebrated the fair year by spending $35,000 on street work and voting bonds for school sites and houses to cost $48,000. No year has been marked with greater activity and development in the Redwood industrial district and along its water front.

"In Redwood City, following a visit from the Rivers and Harbors Committee from Congress, the town officials, backed by the Chamber of Commerce, planned the construction of a municipal wharf as a basis of harbor development that will bring deep water to its main street."

Serves Time for Killing Doe

Lou Dees, a woodchopper employed on a ranch near Bellevale, pleaded guilty to a charge of killing a doe on February 20th and was sentenced to serve 150 days in the county jail by Judge Seely. Dees told the court that he fired at a buck and having missed the animal turned his gun on the doe. Dees acknowledged that he did wrong and was willing to take the consequences. The arrest was made by Game Warden John Burke of Colma. Several days ago Burke heard that deer were being killed in the La Honda hills and he decided to investigate. At the ranch near Bellevale he found a cabin occupied by several woodchoppers, and in the hut was a considerable quantity of deer meat. A further search resulted in the discovery of the remainder of the tell-tale evidence—the carcass of a doe together with the remains of two unborn fawns that would have seen the light of day in about three weeks. All the evidence was brought to this city by the game warden.

Chemical Company for Bay Shore

A deed was placed on record the first part of the week whereby the Stauffer Chemical Company of San Francisco became the owner of 1800 acres of marsh land near San Mateo owned by the Brewer estate. By the revenue stamps on the deed it would appear that the sum of $61,000 was paid for the property, a great portion of which has been reclaimed. The company owns nearly all the salt beds just north of town beside many hundreds of acres of marsh land across the bay. A Schilling of Woodside is the president of the company. It is believed the land will be used as factory sites.

Guilty of Stealing Copper Wire

Frank Herzog and Herman Schmidt, charged with burglary, pleaded guilty in the Superior Court on Thursday and Judge Buck will pass sentence next Tuesday morning. The two men were caught stealing a large quantity of copper wire from the electric light poles belonging to the Pacific Gas and Electric Company at Easton some time ago. They were arrested with the wire in their possession.

Harley-Davidson Motorcycles

The use of motorcycles in army service in America has been greatly stimulated as a result of what has been accomplished abroad not only in the carrying of dispatches but in hospital service and other branches of the service. But it remained for Harold Smith, Vernon, British Columbia, to show another use of the motorcycle in army work. As regimental photographer he finds that with the motorcycle and sidecar he can cover the ground faster than by any other method. Three Harley-Davidsons are used in that way by himself and assistant photographers.

Closing Out Men's Furnishings

M. J. Knox, of Knox's Toggery, makes an important announcement this week. In order to enlarge the dry goods department, the entire line of men's wear and furnishings will be closed out at reduced prices commencing Wednesday, March 1st.

He's Eating Up YOUR Money
DID YOU know the U. S. Government has shown that the ground squirrels on your place are collecting 34c from you every year for each acre of your cultivated land, in what they eat and destroy?
Furthermore, did you know that these little destroyers depreciate land values an average of $2.74 per acre? Can you afford to pay the toll? Stop it. Get rid of these pests that eat your crops, destroy your trees and vines, and spoil your land. It's easy and inexpensive to get rid of them with Kilmol.
Kilmol is a liquid chemical that both asphyxiates and poisons squirrels, gophers, etc.—Kilmol "will kill 'em all."
Waste balls are saturated with Kilmol. One is placed in each burrow, then ignited. The gas quickly penetrates to every part of the tunnel.
KILMOL
SQUIRLGOPHENE
Will Kill 'Em All
It "gets" Mr. Squirrel or Mr. Gopher before he can escape. One application, costing less than one cent per burrow for Kilmol, invariably does the business—it's 100 per cent efficient. Results absolutely guaranteed or money refunded. Kilmol can also be used with U. S. Destructor—a machine invented by U. S. officials that forces Kilmol gas into burrows—Kilmol is used by Government, State and County officers.
Ask your local dealer for Kilmol and waste balls. The waste balls you get from him are better and cheaper than home-made. If he can't supply you communicate with me, giving his name. Also ask him about improved United States Government formula of poisoned barley.

MUST FILE PETITIONS BY FIRST OF MARCH

Difference of Opinion Over Date Is Reason for Early Date

Attention, candidates for municipal office! A difference of opinion has arisen over the last day for filing nomination papers with the county clerk.

County clerk Joseph H. Nash informs the Times-Gazette that in order to be on the safe side, candidates should file their nomination papers in his office between now and March 1st, but not later than March 1st.

Some attorneys have interpreted the law differently, and believe that candidates have until March 20th to file their papers; but County Clerk Nash says there is a doubt, and candidates better have their papers on file by the earlier date.

The following candidates have filed their petitions with the clerk. As there is a large number of petition to be filed it will be seen that the candidates desiring municipal positions will have to stir themselves in order to file their applications in time: James R. Murphy, clerk, Burlingame; Frank Lindsay, trustee, Burlingame; John R. Lynden, trustee, Burlingame; Elma F. Early, clerk, San Mateo; Patrick O'Hearn, commissioner, San Mateo; Samuel Cerf, clerk, Daly City; Dennis Quillinan, trustee, Daly City; Ernest C. Douglass, trustee, Burlingame; John V. Doherty, treasurer, Burlingame; Moses Levy, trustee, San Bruno; Horace A. Bewley, clerk, San Bruno; W. J. Smith, clerk, South San Francisco; Patrick A. NEW STREET WORK THROUGHOUT CITY

Protest From Property Owners Along Stafford Street in Regard to Improvements

In the absence of Chairman Merrill, Trustee Sampson was elected to preside at the meeting of the Board of Town Trustees Monday evening. All other members were present. Almost the entire time of the session was taken up with street improvement and considerable street and sidewalk construction in different parts of the city was gotten under way.

Resolutions were adopted calling for bids on the contemplated street improvement on Broadway from the railroad tracks to the county road. Bids on this work will be opened, Monday evening, April 3rd.

Plans and specifications having been changed on the work on that portion of Main street which was formerly Mound street at the previous meeting of the board, resolutions were passed setting aside the resolutions of intention previously adopted and new resolutions were adopted with plans and specifications for work more nearly what the property owners desire to pay.

Resolutions were passed establishing grades on Arguello street from Broadway to Brewster and on Winslow from Broadway to the railroad tracks. Plans and specifications were ordered prepared for sidewalks on these streets.

P. A. Ryan and M. J. Knox were present and addressed the board relative to having street lights on foggy and cloud nights. They were assured by Chairman Sampson that a little closer attention would be given to lighting the town on these nights. Mr. Ryan also brought to the attention of the board the deplorable condition of Phelps street where it joins the Middlefield Road. Street Superintendent Dickey stated that he would have repairs made just as soon as the weather permitted the hauling of the necessary rock.

Mrs. David Solari, Mrs. Ernest Kaiser and John Lopez, property owners on Stafford street which is soon to be improved were present and objected to the cost of the class of work to be done on that street. It was explained to them that the concrete base was necessary on Stafford street as it is one of the main entrances to town and would be cheaper in the end. Most of the property owners on this street are large holders of acreage property and the expense will be felt very keenly.

Ordinance No. 169, establishing election precincts was given its final reading and adopted.

Ordinance No. 170, proscribing the notice of election for the general municipal election to be held in this city April 10th, was introduced and given its first reading. It provides the following voting places: No. 1—Main Street Fire House; No. 2—Water Works on Phelps Street; No. 3—Fire House on the County Road near Jefferson street; No. 4—Woman's Club House, Redwood Highlands. At this election there will be voted on, three trustees for four years, a town clerk and a town treasurer.

Trustee Tuchsen reported that Miss Hanley desired a rental of $10 per month for a 12-foot strip of property on Winslow street to be used by the town for a site for the new chemical engine fire house. She also wants a three-year lease. As the price was considered too high further consideration of the matter will be given at a later date.

City Engineer Finlay was given permission to construct a temporary cesspool on James street near the county road to relieve the congestion in the incomplete James street sewer. The work will be done at the expense of the George H. Irving Company.

The board adjourned until Monday evening, February 28th when they will consider plans and specifications for the county road shoulder work.

SURPRISE PARTY GIVEN TO MR. AND MRS BEHRENS WEDNESDAY

Miss Luella Behrens Plans Clever and Successful Evening at Cards

Surprising Mr. and Mrs. L. P. Behrens, fourteen friends of the couple suddenly appeared at their home on Jefferson avenue Wednesday and spent a merry evening at cards. Both Mr. and Mrs. Behrens were unaware of the intention of their friends the former being at lodge when the guests arrived. Miss Luella Behrens planned the details of the evening's entertainment not the least of which was a supper of delectable dainties served after the awards were made to the most successful card players. Decorations symbolical of Washington's birthday prettily adorned the dining table. Similax, Richmond roses, American flags and tiny red hatchets artistically arranged made of a pleasing decorative effect.

Mrs. J. F. Johnston and Ellis Ensor proved best at whist, winning the first prizes. Mrs. Ensor and Mr. Johntson drew the consolation prizes.

Those present were Messrs. and Mesdames Ellis Ensor, Charles Landscheit, Frank K. Towne, Morris Cooper, J. F. Johnston, A. B. Walsh, Mrs. Lila Kirkpatrick, P. P. Chamberlain and Mr. and Mrs. L. P. Behrens.

COAST SIDE ITEMS

Miss Leta Bare, a popular young teacher in the local grammar school, has resigned her position and will be married next Tuesday. Principal Hall is loath to lose his able assistant. The young lady carries with her to her new home the best wishes of the people of Halfmoon Bay. Miss Bessie Mason of Menlo Park, a graduate of the State Normal School at San Jose has been appointed to the place.

Mrs. A. Schubert returned the fore part of the week after having been absent since last Thanksgiving. She spent a very pleasant winter partly in the city and partly at Millbrae with her children.

Joe Francis, our efficient supervisor says he'll repair the coast boulevard even if he has to borrow the money to do it. The county road fund is low.

James Willison, the well known road contractor who built a great stretch of the coastside boulevard, and who for the past few months has been digging canals for the Modesto Water Company, will complete his contract near Modesto in a few weeks, and will leave that district shortly for Oakdale where hehas a contract amounting to $85,000 building ditches for a water company there. Mr. Willison is a contractor who can always be relied upon doing his work better than specifications call for. We wish him success.

A rumor that the Ocean Shore Railroad has been sold set the whole town agog last Wednesday. However, there is no sale as yet. An option on the company's stock has been secured by George H. Mastick at $47.50. This option was signed by the holders of more than two-thirds of the stock. Should Mastick decide to avail himself of the option by the 29th of this month, the share holders may deposit stock in the Wells Fargo Nevada National Bank on or before April 29th, and by May 2nd the buyer is to pay therefore the uniform price of $47.50. Who's the buyer? Well, the guesses are numerous and include in the list of probable purchasers a vast number of entities ranging from the U. S. government to the junk man.

WOODSIDE NOTES

A party of young men from Redwood City consisting of Clement Shields, Kenneth Rice, Gordon Seely, Lucius Williams and Frank Roza enjoyed a barbecue at Portola last Sunday. The party motored from the county seat in William's car. Young Seely was selected to do the coking and he acquitted himself in a worthy manner. The young men had a most delightful time.

Miss Marjorie Josselyn of Woodside has decided to dedicate her time heretofore lavished on society to service work. Miss Josselyn has an inclination for newspaper work and so has joined the staff of the "Argonaut," the critical weekly publication in San Francisco.

The members of Redwood Parlor, No. 66, N. S. G. W., presented a Bear Flag to the Greersburg school at Woodside Tuesday afternoon (Washington's birthday). A large delegation of Native Sons and Native Daughters motored up to the pretty little school house at the foot of the mountains, where the people of Woodside had already assembled to witness the exercises.

After songs by the children under the direction of the teachers, Miss Blanche Clark and Miss Ella Lyng, H. W. Lampkin, past president of Redwood Parlor, made the presentation speech. He gave a brief, but eloquent outline of the early history of California and explained the origin of the Bear Flag and what it stood for.

Superintendent of Schools Roy W. Cloud accepted the flag in behalf of the Woodside school. Mr. Cloud's speech was particularly appropriate for the occasion.
